Volume 3 - Tax Administration: Safe Harbours and New Horizons

Edited by Michael Walpole and Chris Evans

The latest book in the Atax Tax Administration series provides insights and analysis of major developments in this area in recent years. It includes contributions from administrators and academics operating at the highest levels in the OECD, Australasia, Europe and North America.

Chapters cover the full range of tax administration issues, from benchmarking best practice through to the role of intermediaries, aspects of revenue collection and repayment and issues relating to compliance, compliance costs and complexity.

Volume 2 - Further Global Challenges in Tax Administration

Edited by Margaret Mc Kerchar and Michael Walpole

The articles in this collection cover the wide range of developments exercising those involved in the planning, implementing and monitoring of tax administration systems around the world.

Discussion in this collection cover such topics as efficiency issues and tax returns, tax simplification, compliance costs management, innovative approaches to anti-avoidance, legal professional privilege in tax matters, perceptions of tax evasion, managerial benefits of tax compliance, and the integration of customs and income tax administration.

Volume 1 - Global Challenges in Tax Administration

Edited by Rodney Fisher and Michael Walpole

Tax administration affects everyone. Both tax authorities and taxpayers want an effective and efficient tax system. These selected papers address the very latest perspectives in such diverse topic areas as taxpayer rights and remedies; tax compliance costs and evasion; tax decision making; and tax rulings.
